Nothing takes the place of a good side dressing with Natural Chilean Nitrate of Soda - "Natchel Sody", as Uncle Natchel calls it.

Like children, crops need lots of food when they really start to grow. That's why it is so important to side dress your crop with Natural Chilean Soda - to supply quick acting nitrogen just when it is needed. Chilean Nitrate is valuable not only as a source of nitrogen, but also to furnish or build up a reserve of small amounts

of other plant food elements naturally blended with it.

"But his dinner jacket is hanging here in the closet, Mrs. Kenting. Has he more than one?..."

The woman shook her head vaguely.

"And I suppose that Mr. Kenting wore the appropriate evening oxfords with his dinner coat?"

"Naturally," the woman said.

"Amazin'," murmured Vance.
"There are a pair of evening oxfords standin' neatly on the floor of the closet, and the soles are dampish—it was rather wet out last night, don't y' know, after the rain."

"I really don't understand, Mr. Vance."

"Are you familiar with your husband's wardrobe?" he asked.

"Of course, I am," she returned.

"In that case, Vance said politely, "you can be of great assistance to me if you will glance through this closet and tell me whether anything is missing."

Mrs. Kenting—I might even say, an act of mercy—if you stated frankly that you believe, as I am convinced by u do, that Kaspar planned this coup himself for reasons that are only too obvious."

"My dear sir!" returned Vance.
"I would be glad to say anything sankity regarding the fate of her husband. But I assure you that at the present moment the evidence does not warrant extending the comfort of any such belief..."

At this moment there was an interruption. At the hall door apared a short, middle-aged man with a sallow moon-like face, sullen in expression. He had on a shaby butller's livery which was sistance to me if you will glance through this closet and tell me whether anything is missing."

Mrs. Kenting injunct Vance at a short, middle-aged man and Danube, and wherever he established fortified colonies, triumphal arches, bridges and aqueducts were built. Today, their crumbling marsive remains, scattered throughout Europe, recall the strength and the dignity of the 'Golden Age.'"
